

16 Hour Outdoor First Aid Course (including paediatric first aid)

What:

The Wiltshire Outdoor Learning Team has a reputation of delivering the most dynamic and relevant 'outdoor' first aid course in the County- especially suitable for people who work outside of the classroom with adults and children. The course is delivered by staff who work with groups 'outside' – ranging from Forest School activities to watersports to rock climbing – up to 2 hours away from direct help.

The venue includes over 80 acres of woodland, with a lake – allowing for lots of potential FIRST AID scenarios! The course will provide plenty of opportunity to explore the practical use first aid in various outdoor situations.

This is a hands-on course - designed to cement learning and develop confidence.

This course follows the IOL guidelines and is based on the IOL Level 3 course – for those working up to 2 hours away from immediate help
